**ROBERT W. LEHRBURGER, United States Magistrate Judge.**

By November 12, 2020, the parties shall file a joint letter addressing the following trial technology/logistics issues:

1. Proposed technology for remote testimony. The parties will be responsible for providing the necessary equipment and coordinating with the Court's technology/logistics personnel.
2. Proposed technology for presentation of exhibits and pre-recorded testimony. The Court expects it will be able to provide a screen and an "ELMO" for projecting exhibits.
3. Proposed protocol for witnesses testifying remotely and who are in different time zones, and whether there is any need for pre-recorded testimony preserved for trial.
4. The number of persons (other than court staff) the parties expect to be in the courtroom at any one time.
5. Any other technology/logistical issues the parties believe should be

addressed in advance.

The Court will separately issue a trial/pre-trial scheduling order. As discussed during the conference held on October 29, 2020, the parties should plan on trial commencing mid-January.

SO ORDERED.
